# How does the Motion Bus Card work?

- The Motion Bus Card is available as reloadable plastic pass at the size of a credit card or as multiple journey disposable single use paper-pass
- All kinds of smart cards can be used in three different bus routes within 90 minutes since the first use, without any extra charge. Maximum limits are applied based on the card type.
- The re-chargeable (plastic) Motion Bus Card can be charged with up to three different period fares (ex. 7 days, 30 days or 365 days) and with cash.
- The benefits offered by the personalised plastic Motion Bus Card are not transferable. The "personalised" or "anonymous registered" smart card, offers the right of a refund (the balance) in case of loss or damage by paying only the replacement cost.

## The Bus Card for nationwide public transport

The plastic Motion Bus Card is a reloadable plastic pass the size of a credit card, easy to top up with multiple OSEL fare products depending on your needs and affordability.

### There are two types of Motion Bus Card:

**Personalised:** bearing the card holder's photo and personal data.

**Anonymous:** does not require the holder's personal data. Can be personalised at any Motion bus card issuing point.

## Which Motion bus card is right for you.

**Personalised:** For regular OSEL customers who are eligible for a discount and refund in case of loss.

**Personalised:** For people who are eligible to travel for free or with a discount with the right of a discount or refund in case of loss.

**Anonymous:** To anyone who wishes to have saved fare products or money (wallet\*) in his/her Motion Bus card or a number of fares in his/her paper card available at any time.

\*Available from October 2018
